

Exam 1 Review:

- This will be a practical exam
 - You'll be asked to create a web page in the time allotted
 - The website needs to be live on the internet – you will need to know how to get to your directory on the EUP web server
 - ** Add code with the time stamp at the bottom of the page **

Right under your footer put:

```
<a>
Last update:
<script type="text/javascript">
document.write(document.lastModified);
</script>
</a>
```

- Make a directory "exam1"
- Name your initial page index.html
- Link this to your existing homework page
- Heading Elements <h1> through <h6>
- HTML5 Structural Elements:
 - Header <header>
 - Navigation <nav>
 - Main <main>
 - Div <div>
 - Footer <footer>
- Paragraph Element <p>
- Line Break Element

- Blockquote Element <blockquote>
- Phrase Elements <i> <small>
- Anchor Element <a>
- Lists
 - Ordered List
 - Unordered List
 - Description List <dl>
- Embedded and External Style Sheet (CSS)
- Setting background color and text color
- Have at least 3 pages in your navigation - I want to see that you can make 2 or 3 pages and link between them

Practice!!
