

## Portfolio (Part: 4)

(30 points)

**Note:** Ensure that the content on your page is professional. The content of your portfolio should highlight your education, skills, strengths, work and/or volunteer experience, projects, awards, etc. to use for prospective jobs.

-  Your website should be live and saved in your web directory
-  Your website should be accessible from your homework page
-  Ensure all navigation linked on the website is accessible
-  The following code MUST be linked at the bottom of EACH page of the website – **IF THIS IS NOT ADDED, THIS WILL RESULT IN A '0' ON THE PORTFOLIO**

```
<a>
  Last update:
  <script type="text/javascript">
    document.write(document.lastModified);
  </script>
</a>
```

### For styling:

-  **Color Palettes & Patterns (Background Image)** <http://www.colourlovers.com/>
  - ✓ Search for a palette color scheme you like, click the palette (scroll down to see hex codes for colors)
  - ✓ Directly underneath the palette should be Create Pattern
  - ✓ Click Create Pattern, browse pattern styles or use drop down fields to select pattern using your chosen palette
  - ✓ Right click on the desired pattern and hit View Image Background – right click and hit Save Image As... (Firefox) or Save background as... (IE)
