

CSCI374-001 Final Group Project – Presentation Criteria

Your group will create a presentation and demonstrate how to use your group mobile app. **ALL** group members will need to participate in the presentation/demonstration. **This should be no longer than 10 minutes.**

Your presentation should include:

- Application Name
- Group Name
- Short description of your app
- Why did you choose this app for your group project?
- Describe the features and views of your app (may want to use the features and wireframe documents created previously)
- What (if any) feature(s) were you unable to complete for the app?
- What feature(s) were most challenging to implement?
- What feature(s) were the easiest to implement?
- List the Chapters of the Android App Development textbook you primarily used for the app
- List any 3rd party software/APIs you utilized not covered in the course

*Upload the **presentation** to the designated **D2L** drop box by **May 1st 2019 11:30PM.**

Mobile App Demonstration:

You will need to **Generate a Signed APK (Build Type: release)** and place in the designated **D2L** drop box by **May 1st 2019 11:30PM.** You will use my tablet and the Vysor software installed on the instructor station to present your app to the class and explain how/why someone would use your app. **Also, make sure to place all of your code files on the filestore.**
